

Parent or Guardian,

Zorbit's Math Adventure has landed in our math class! This game-based learning program helps students strengthen their math ability and build a positive attitude towards learning math! Your child will meet fun characters, explore far-off planets, and complete heroic quests. All the while, they will be learning and applying math. Best of all, they can play at home!

Game Setup

To play on a computer, visit

<https://play.zorbithsmath.com>

To play on an iPad, download the Zorbit's Math Adventure app from the App Store.
